

Note No A428/11

Protocol Directorate of the Foreign and Commonwealth Office presents its compliments to diplomatic missions and international organisations in London and has the honour to refer to the recent communication, sent to certain missions in central London by Transport for London (TfL), about temporary road and parking changes for the 2012 Olympic Games.

The Directorate would like to inform missions that, while TfL is responsible for producing road and parking plans and for keeping missions and international organisations directly informed of progress as necessary, Protocol Directorate is working closely with TfL on this subject.

The Directorate would like to encourage those missions to which TfL has written with details of its plans to send any comments they may have to TfL by 14 September, as indicated in TfL's earlier correspondence. Missions and international organisations are also invited to visit TfL's website – tfl.gov.uk/ORN – for more information.

Protocol Directorate takes this opportunity to renew to diplomatic missions and international organisations the assurances of its highest consideration.
