

Note No. A032/21

Protocol Directorate of the Foreign, Commonwealth and Development Office presents its compliments to all diplomatic missions and international organisations and has the honour to refer to the requirements for applications for diplomatic exempt vignettes.

The Directorate wishes to inform diplomatic missions and international organisations that the requirements for applying for a diplomatic exempt vignette are as follows:

- All applicants, including dependants, must be registered with Protocol Directorate.
- Applications must include a valid passport with three blank pages available.
- Applications must include two recent photographs for each applicant. Photographs must conform to standard UK requirements, as set out on the following website: www.gov.uk/photos-for-passports/photo-requirements. The name of the applicant must be written on the reverse of each photograph.
- Applications must include a covering Note Verbale or official letter confirming that the applicant is a member, or a dependant of a member, of the diplomatic mission or international organisation, and requesting issuance of a diplomatic exempt vignette.
- Applications from dependent children between the ages of 18 and 25 must be accompanied by a letter from the educational establishment at which they are studying. The letter must confirm the details of the course of study, including full course title and expected end date.
- Applications from dependants submitted separately to an application from the sponsoring member of the diplomatic mission or international organisation must be accompanied by a photocopy of the sponsor's passport bio data page and valid diplomatic exempt vignette.

Applications should be sent via recorded delivery in a secure and durable envelope to the following address:

Diplomatic Missions and International Organisations Unit (DMIU)
Room K3.09, Protocol Directorate
Foreign, Commonwealth and Development Office
King Charles Street
London SW1A 2AH

Applications received that meet the requirements as set out above will be forwarded to UK Visas and Immigration (UKVI) for processing and returned to the FCDO upon completion. Processing time is likely to be up to six weeks and, due to operational constraints, it will rarely be possible to retrieve passports from UKVI whilst applications are in progress. Nor will it be possible to expedite specific applications; applicants should consider this when making travel arrangements.

Applications received that do not meet the requirements as set out above, will not be progressed. With regret, they will be returned to the relevant diplomatic mission or international organisation, thus causing a delay in issuance of the exempt vignette.

The Directorate regrets that it is unable to process applications from those who are neither married to, nor in a civil partnership with, a diplomat or member of an international organisation. Applicants should instead contact the Home Office to apply for the appropriate visa extension.

Protocol Directorate of the Foreign, Commonwealth and Development Office avails itself of this opportunity to renew to all diplomatic missions and international organisations the assurances of its highest consideration.
